FAMILY-OWNED GROWER OF
PREMIUM NURSERY STOCK

2020 WHOLESALE PRICELIST

Dear Friends,

“Change is inevitable-except from a vending machine” - Robert C. Gallagher

As most of you know by now, we have officially exited out of the container shrub and container evergreen businesses. We have received the following question repeatedly: “Why, when you grew an excellent product and would often sell out of many varieties, would you give that up?” While there are many strategic reasons, it ultimately comes down to one word: focus.

“If you chase two rabbits, both will escape.”

This quote is attributed to that great philosopher known as “Unknown”. By focusing on fewer lines of business, we are better able to channel the talents of our truly great people into the areas that best complement our many strengths. The one downside is disappointing those great customers and friends that have relied on us for this product. However, we feel that by sharpening our focus and applying more resources to the following areas, greater customer satisfaction will result.

We have been consistently increasing our field grown tree production for a number of years. Spring 2020 will be no exception. We are second to none in the Midwest in terms of tree propagation. To this end, we are erecting more propagation houses as we focus our experts exclusively on the tree and evergreen side.

While we will no longer supply container evergreens, our field grown evergreen production has increased dramatically. Acreage that historically has been devoted to growing shrubs is available to help meet the increasing demand for this product.

The third area that is receiving renewed focus is our Pot in Pot container tree production. We continue to expand in both quantity and selection. We are also experimenting with different sizes and methods of production in order to bring the healthiest tree possible to market.

We look back on 2019 with some sadness due to the passing of Bob Worth. He was a father, grandfather, and uncle to many here. He was a role model, mentor and friend to many more. We miss his smiling presence daily.

This year marks our 95th year in business. We look forward to conquering new challenges as we embrace the excitement that positive change brings. Thank you once more for your constant support. We wish you good health and a prosperous 2020.

Thankfully,

Steve Worth

Kankakee
NURSERY

Robert "Bob" Worth

1932-2019

Robert Worth was our father, grandfather, uncle and friend. Through a tireless work ethic, keen intellect and impeccable foresight, he and his brother Phil built Kankakee Nursery into one of the largest wholesale plant nurseries in the Midwest. Living life to its fullest is an oft-used cliché; not in regards to Bob. He traveled around the world twice and visited all 7 continents, finally making it to Antarctica in 2012. Bob was an avid history buff and ancestry buff, and made over a dozen trips to England to explore and research his family lineage. In the mid 80's he bought a piece of land on the tiny, quaint island of Montserrat and eventually built a second home there. His children and grandchildren still travel there frequently and marvel at the fruits of his labor.

Although in his day he was a large and imposing figure, everyone that got to know Bob quickly realized how kind and generous of a heart he had. He was incredibly proud of the Mexican and Mexican-American families he recruited to work for the nursery. These same families have stayed with the nursery for decades, very much in part to Bob and his brother's example of leading with kindness, grace and respect. He gave back tirelessly to both the nursery industry and the Kankakee community in which he was born and raised. Bob served as the Illinois Nurserymen's Association President in 1986. He also served on the boards of the Kankakee Historical Society, Mound Grove Cemetery and the Kankakee Symphony Foundation. He was also a strong supporter of Kankakee Community College. As a longtime Cubs fan, we are happy to say he saw them win the World Series in his lifetime.

We are proud and honored to continue Bob and Phil's legacy as we lead Kankakee Nursery into the future.
