Grower for Over 90 Years*

2017
WHOLESALE
PRICE LIST

Dear Friends,

Watching our field crew assemble to pose for this year's catalog photo, I was struck by a sense of admiration, appreciation and pride. These folks form the absolute backbone of this company. They are the ones who are out in the heat, the snow and the biting winds day after day to allow us to produce, harvest, and ship our plants.

Most of these faces are familiar. The average worker at the nursery has been here for 14 years. An impressive 34% have been here 20 or more years, and 52% have worked here for 10 years or more. Our four field supervisors have a combined total of 153 years of service in this difficult and demanding profession.

There are some new faces in the crowd as well. The number of women added to our workforce increased significantly this year. We welcome this group and the skill and dedication they bring to the job.

The Kankakee Nursery is truly a family business. There are many last names in this family, and all of them are equally instrumental in the success of the company. We celebrate daily not only our employees' hard work, but also their contributions to our society, culture and country at large.

Thankfully and Sincerely,

Steve Worth
